

Your EHC plan will be reviewed every 12 months to make sure that it is up to date and that it still relevant to you. It is important that you have your say during your Annual Review, below are some things you might want to think about:

Have you achieved the targets (outcomes) in your plan yet?

Is the support you are getting still helping?

Is there something new that you would like to work towards?

Is there anything else you can think of that might help you to reach your targets?

If you want help & advice on how to share your views
